

2010
NASWA

National Association of State Workforce Agencies

■■■■ Putting America Back to Work ■■■■

Join us for the 2010 NASWA National Conference in Madison, WI!

We want you to experience Wisconsin's capital city and all that it has to offer: incredible natural beauty, limitless outdoor recreation activities, an exceptional array of cultural opportunities, fabulous shopping, superb dining and an irreverent spirit of fun.

Madison is a city built around two major lakes, Lake Mendota and Lake Monona. Thus, the Capitol

is built in between the two, an isthmus. This area is referred to as The Square - location of many stores, restaurants and taverns. From the Capitol, take the State St. exit to walk down to the University of Wisconsin campus, which is at the other end of State St. Explore still more cafes, museums and art galleries that line the no-auto street. During this walkabout, you will be introduced to the heart of Madison.

The 2010 NASWA Conference is being held at the Frank Lloyd

Wright designed Monona Terrace and Convention Center. The Monona Terrace is on the shore of Lake Monona, two blocks from the Wisconsin State Capitol. This spectacular multilevel, accessible, state of the art structure includes an exhibit hall, large ballrooms, flexible meeting space, multimedia auditorium and wireless internet throughout the building and rooftop gardens.

Save the date - we look forward to seeing you this fall!
