

Submitting Items to the Workforce ATM

The Workforce ATM's primary goal is to strengthen the national workforce development network through information advocacy exchange and liaison. In order to do this, NASWA needs the cooperation of states and agencies like yours to share their workforce development advancements as they happen.

Participating is easy. All you have to do is submit links to news releases, employee newsletters and announcements as well as any marketing materials you would like highlighted on the Workforce ATM web site. If you do not have a link you can attach documents as well. If the information is time sensitive, please flag the item as urgent on the form. If you have any questions please call NASWA at (202) 434-8020.

Submit Articles to the Workforce ATM
